

PROVIDE RELEVANT RESOURCES YEAR-ROUND

Be prepared to add
an Emergency Alert
to your web site

The screenshot shows the Montecito Water District website. At the top left, there is a blue button with a megaphone icon and the text "Emergency Alert". A green arrow points from the text box on the left to this button. The website header includes the Montecito Water District logo, the tagline "A Reliable Supply Since 1921", and social media icons. A navigation bar lists: Customer Service, Our Water, Conservation, Public Meetings, News & Information, and About the District. The main content area features a background image of a hand turning a washing machine dial. Overlaid on this is a semi-transparent box with the text "REBATES AVAILABLE NOW!" and "Benefit from Incentives for Reducing Water Use", with a "Find Your Rebates" button. Below the main content is a blue footer bar with icons and labels for: PAY BILL, REPORT A LEAK, FORM CENTER, WaterSmart, CURRENT AGENDAS, MONTECITO GSA, and CONTACT US. At the bottom, there are two white boxes: "IMPORTANT RESOURCES" with links for Santa Barbara County alerts, rainfall data, and a rainfall chart; and "CURRENT AGENDA" with information about public meeting attendance.
